1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. 2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

3. Because these inventions are independent or distinct for the reasons given above and the inventions require a different field of search (see MPEP § 808.02), restriction for examination purposes as indicated is proper.

The inventions are distinct, each from the other because of the following reasons:

4. Inventions I and II are related as products which share an disclosed common utility linked to a substantial structural feature. The products in this relationship are distinct if either or both of

Art Unit: 3671

the following can be shown: (1) that the products encompass embodiments that are NOT required to perform the common utility or (2) that the products as claimed encompass embodiments that are NOT required to have the substantial structural feature. In this case, the products encompass embodiments that are NOT required to perform the common utility.

5. During a telephone conversation with Charles G. Nessler on 07 July 2006 a provisional election was made without traverse to prosecute the invention of Group I, claims 37 through 44. Affirmation of this election must be made by applicant in replying to this Office action. Claims 45 and 46 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
